SHAREHOLDER COMMUNICATIONS POLICY

Annual general meeting

Tabcorp usually holds its annual general meeting (AGM) in October each year. The specific date, time and location of each AGM will be detailed in the relevant notice of meeting released on the ASX and published on our website.

Tabcorp welcomes and encourages shareholders' attendance and participation at the AGM. The AGM provides an important opportunity for Tabcorp and shareholders to communicate, and allows shareholders to ask questions of Tabcorp's Board, management and external auditor.

Shareholders may participate in the AGM either in person where a physical meeting is held, or online if the AGM is held as a virtual or hybrid meeting. Shareholders may appoint a proxy or other representative to attend and vote on their behalf. Shareholders and proxyholders will be provided a reasonable opportunity at the AGM to ask questions and may also submit written questions in advance of the meeting.

Shareholders and proxyholders may cast their votes during the poll at the AGM, or submit their proxies up to 48 hours before the commencement of the meeting.

AGMs will be webcast live on the Tabcorp website to accommodate shareholders who are unable to attend in person and who wish to watch the proceedings. The webcast is also archived and available for viewing after the AGM.

Any address by the Chairman and the Managing Director & Chief Executive Officer or presentation given at the AGM will be released on ASX immediately before the meeting and published on the website. The results of the AGM will also be released on the ASX as soon as possible following the meeting.

Share registry

Shareholders are able to access information about their shareholdings and update their registered details by contacting Tabcorp's share registry, Link Market Services (website: www.linkmarketservices.com.au or by calling: (+61) 1300 665 661).

Shareholders can also use the share registry website to elect to participate in the Dividend Reinvestment Plan (if it is active), provide bank account details to receive dividend payments, access past dividend statements, lodge a proxy form for the AGM and perform many other transactions.

Shareholders may also update their communication preferences and elect to receive all shareholder communications electronically, including dividend statements, notices of meetings and annual reports. Electronic communications are a convenient way for shareholders to receive timely information about their shareholding and Tabcorp, while reducing costs and environmental impacts.
